

INFORMED CONSENT FOR IN-PERSON SERVICES DURING COVID-19 PUBLIC HEALTH CRISIS

This document contains important information about our decision (yours and mine) to resume in-person services in light of the public health crisis. Please read this carefully and let me know if you have any questions. When you sign this document, it will be an agreement between us.

Decision to Meet Face to Face

We've agreed to meet in person for some or all future sessions. If there is a resurgence of the pandemic or if other health concerns arise, however, we may require that we meet via telehealth. If you have concerns about going back to telehealth, we'll talk about it first and try to address the issue. You understand that, if we believe it is necessary, we may determine that we return to telehealth for everyone's well-being.

If you decide at any time that you would feel safer staying with, or returning to, telehealth services, we will respect that decision, as long as it is clinically appropriate. Reimbursement for telehealth services, however, is also determined by the insurance companies and applicable law, so that is an issue we may also need to discuss.

Risks of Opting for In-Person Services

You understand that by coming to the office, you are assuming the risk of exposure to COVID-19 (or other public health risk). This risk may increase if you travel by public transportation, cab, or ride-sharing service.

Your Responsibility to Minimize Your Exposure

To obtain services in person, you agree to take certain precautions which will help keep everyone (you, myself our families, office staff, and other clients and clinicians) safer from exposure, sickness and possible death. Your failure or refusal to adhere to these safeguards may result in our starting/returning to a telehealth arrangement. Initial each to indicate that you understand and agree to these actions:

Initial Here:

- You will only keep your in-person appointment if you are symptom free. _____
- You will wait in your car or outside (or in a designated safer waiting area) until no earlier than 5 minutes before our appointment time and will ring the doorbell to await staff. _____
- You will have your temperature taken by staff upon arrival and will not be permitted to enter if above 100.4. _____
- You will wash your hands or use hand sanitizer when you enter the building. _____
- You will adhere to the safe distancing precautions we have set up in the waiting room and treatment therapy rooms. For example, you won't move chairs or sit where we have signs asking you not to sit. _____
- You will wear a mask in all areas of the office (Staff will as well). _____
- You will keep a distance of at least 6 feet and there will be no physical contact (e.g. no shaking hands) with me (or staff). _____
- You will try not to touch your face or eyes with your hands. If you do, you will immediately wash or sanitize your hands. _____

- If you are bringing your child, you will make sure that your child follows all of these sanitation and distancing protocols. _____
- You will take steps between appointments to minimize your exposure. _____
- If you have a job that exposes you to those who are infected, you will let me (and my staff) know. _____
- If your commute or other responsibilities or activities put you in close contact with others (beyond your family), you will let me (and my staff) know. _____
- If a resident of your home tests positive for the infection, you will immediately let me (and my staff) know and we will then resume (begin) treatment via telehealth. _____

We may change the above precautions if additional local, state or federal orders or guidelines are published. If that happens, we will talk about any necessary changes.

Our Commitment to Minimize Exposure

Our practice has taken steps to reduce the risk of spreading the virus within the office and we have posted our efforts on our website and in the office. Please let us know if you have questions about these efforts.

If You or I Are Sick

You understand that we are committed to keeping you, myself, our staff and all of our families safe from the spread of the virus. If you show up for an appointment and report, or we believe, that you have a fever or other symptoms, or that you have been exposed, we will have to require you to leave the office immediately. We can follow up with services by telehealth as appropriate.

If I (or any of our staff) test positive for the COVID-19, WLCC will notify you so that you can take appropriate precautions.

Your Confidentiality in the Case of Infection

If you have tested positive for COVID-19, we may be required to notify local health authorities that you have been in the office. If we have to report this, we will only provide the minimum information necessary for their data collection and will not go into any details of the reason(s) for our visits. By signing this form, you are agreeing that we may do so without an additional signed release.

This agreement is a supplement to the general informed consent that we agreed to at the start of our work together.
